

EYE ANTI AGING CREAM

Have you shrugged eye cream off as a redundant step since it was first introduced to the skincare industry? You're not alone – there are thousands of people struggling to identify the difference between daily moisturiser and eye cream. Leaderma will be covering the importance of using eye cream and its effect into your skincare routine and reiterating the importance of effectively treating the delicate eye area. Leaderma eye anti-aging cream is specially formulated in the milder form to be used around eyes for fine lines, dark circles, eyelid wrinkles and eye bags.

eye anti aging cream

DMAE 4%

15 ml 0.51 Fl. Oz.

Phototypes I-VI

Indication

Anti-eye bags & Anti-dark Circle Effect

Ingredients

Aqua / Water, Dimethicone, Olea Europaea Fruit Oil, Propylene Glycol, Caprylic/capric Triglyceride, Isostearyl Alcohol, Butylene Glycol Cocoate, Alcohol Denat., Phenoxyethanol, HDI/trimethylol Hexyllactone Crosspolymer, Carbomer, Menthyl Lactate, Xanthan Gum, Glycosphingolipids, Hordeum Vulagre Seed Extract, Ethylcellulose, Dimethylaminoethanol Tartrate, Arginine, Ethylhexylglycerin, Parfum / Fragrance, Triethanolamine, Silanetriol, Sodium Hyaluronate, Ginkgo Biloba Leaf Extract, Potassium Sorbate, Silica, Sodium Benzoate, Acetyl Hexapeptide-8, Caprylyl Glycol.

How to use:

1. Activator pre treatment gel - Rinse the face with water. Apply the product gently and massage for 1-2 minutes. Remove with a soft damp cloth or rinse gently with water. Your skin is ready for the treatment.

2. Eye anti aging cream - Before using eye anti-aging cream, wash/clean the face and pat dry. Pump an amount of cream about the size of a pea around the eyes and gently rub till total absorption. Apply the cream to the skin usually twice daily, in the morning and evening.
