

HAIR REGROWTH SERUM

If you desire to grow your hair quickly while still maintaining the quality, the Leaderma hair growth serum is all you need. The active ingredients in the hair serum stimulate the hair roots and the scalp. This in turn triggers the dead or dormant hair follicles to initiate new hair growth. Hair regrowth serum strengthens the hair root and stimulates the blood flow of the scalp by supplying nutrition to the hair roots and thus creating faster hair regrowth on the scalp.
