

LIFT DMAE/LACTIC COCKTAIL PEEL

The Dimethylaminoethanol (DMAE) lactic combination nano peel is specially formulated for lifting & lightening the face and neck. It repairs facial sag, causes facial tightening. It also lightens the skin leaving the skin clearer, brighter & more youthful.

What is lift DMAE / lactic peel?

Lifting Peel is the mixture of Lactic Acid with DMAE, a formula designed to perform an exceptional moisturizing and rejuvenating treatment. This combination of ingredients will retexture skin's surface, stimulating cell renewal and providing lifting effect.

How does lift DMAE / lactic peel works?

DMAE cream, lotion, and other skin-care products are said to offer anti-aging benefits by reducing the appearance of wrinkles, dark under-eye circles, and sagging neck skin.
